#### 24" Touchscreen

£1,049

£1,109

£1,204

Please note, the photos of the PCs are illustrative only. The exact hardware is liable to change without notice.

### The Support Packages explained

**Starter Package** gives you your choice of computer with the new **simplicityENVELOPE®** software. To get you started we've included an A4 full-colour handbook that takes you step-by-step through using email, browsing the web and organising documents and photos. Plus, you'll find Valerie Singleton's extensive video tutorials built in to your computer to guide you.

**Additional Support Package** includes everything in the Starter Package with the added benefit of a technician's support. This begins from the minute you order your new computer: you will be advised on broadband, wifi and anything else that you need to get started. This support will be available for a full month after your new computer is delivered.

**Ultimate Support Package** includes everything you get in the other two packages with the added benefit of a **dedicated technician**. Your support will also continue for a **full year** after the date of purchase.

### Hardware Warranty

The 20" and 24" Touchscreens have a 'collect and return' warranty.

The Laptop and Desktop have a 'return to base' warranty.
